**HYUNDAI** NEW POSSIBILITIES.

HYUNDAI

## NEW THINKING. NEW POSSIBILITIES.

Since we first started in 1967, there have been four decades of incredible progress. During this period we've established a close relationship with our customers. It's enabled us to develop cutting-edge technology in all the right areas, while staying true to our Korean origins. At the heart of our brand is the ability to think differently and always question convention. It's this relentless commitment to innovation that's seen us arrive at where we are today. We currently sell technologically-advanced, high-quality vehicles to people in more than 190 countries, and employ over 75,000 staff. That's why we're the world's fastest growing car manufacturer.

THE HYUNDAI VELOSTER

The style of a coupé. The convenience of a hatchback.  
Impress your friends with its looks, then tell them to jump in  
the back for your next adventure. Introducing the Veloster.

Car shown Veloster Turbo in Matt Grey paint

# It's a beauty. And a beast.

Whether you're picking up groceries or picking up friends, driving the Veloster SE and Veloster Turbo will guarantee lots of admiring looks. An innovative 1 + 2 door design allows easy access to the back seats, combining hatchback convenience with coupé looks. The windows resemble the visor of a motorcycle helmet, and the rear lights are set into the scooped-out back end. Smooth flowing lines, prominent wheel

arches and a twin tip exhaust all combine to enhance the futuristic look. When it comes to the Veloster Turbo, everything is taken to extremes. You'll love the Turbo exterior body kit and bold front grille, 18" alloy wheels with chrome inserts, a Turbo badge, plus a reshaped front bumper and rear diffuser make it look even more commanding. It's time to prepare yourself for jealous glances as you dominate the open road.

## INTERIOR STYLE

### Bucket seats and booster seats

As soon as you lower yourself into the Veloster's sunken, sporty driving position, you'll be excited about the drive ahead. A raised dashboard wraps around you, the air vents are inspired by motorcycle tailpipes, and the centre console is based on the muscular shape of a sports bike fuel tank. There's also a chunky leather steering wheel and a driver's information screen that radiates a stylish blue glow. Despite being packed with features, there's still lots of head, leg and shoulder

room for everyone, and 60:40 split folding rear seats ensure maximum flexibility. On the Veloster Turbo, your driving experience is enhanced even further thanks to 8 speakers with amp and subwoofer. With tactile leather upholstery featuring a 'Turbo' embossed logo, plus heated front seats, you'll enjoy maximum comfort on every trip. Whether you opt for the Veloster SE or the Veloster Turbo, it's time to buckle up and make the most of your time on the road.

## A show home one minute a gadget show the next

Fill your Veloster with whichever tunes you want thanks to USB connectivity. It's all part of a touchscreen media centre so you can scroll through your playlist at will, or change tracks using your steering wheel audio controls. There's also the radio, CD, aux and Bluetooth® connectivity with voice recognition. Gadgets like

a games console or smart phone can be plugged\* into the screen whenever you come to a halt. Go for Veloster Turbo to benefit from a touchscreen satellite navigation system and keyless entry with engine start/stop button. Whether you're pulling up outside the shopping mall or the snooker hall, you'll make the most of every second in the car.

\* Cables not included

## Eco warrier or road warrier

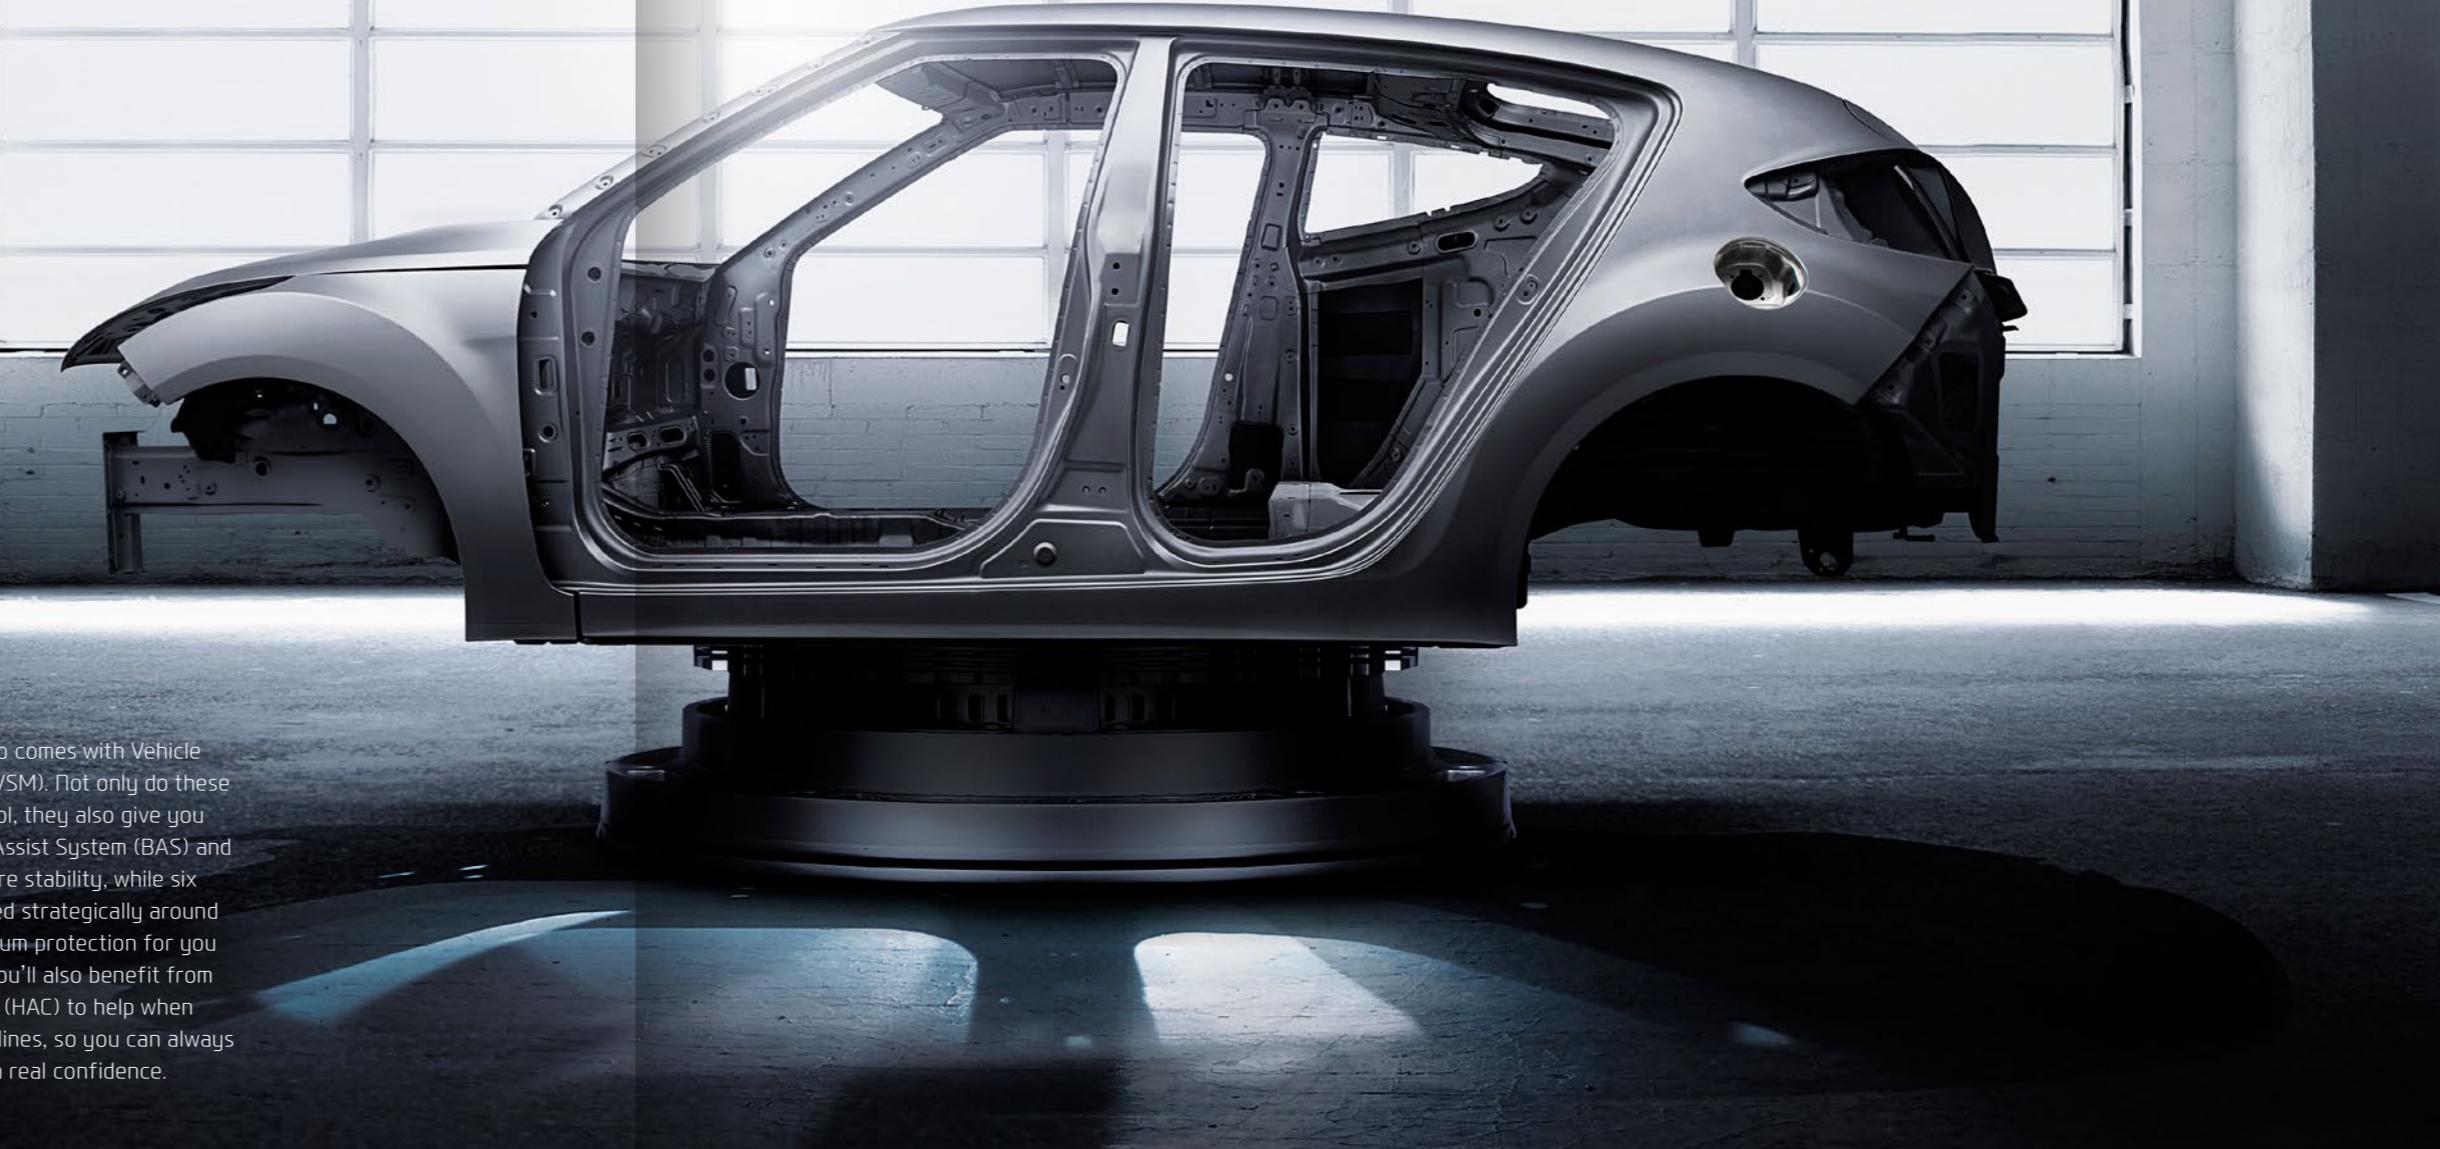

Zip down to the shops or cruise along the open road. You'll be able to make the most of an agile, exhilarating driving experience. Direct injection technology gives you sporty acceleration, while the gear changes are short and sharp, delivering an incredibly responsive drive. There's also an eco drive indicator which tells you when to change gear, so you'll enjoy a thrilling journey while being friendlier to the environment. On the Veloster Turbo,

a powerful 1.6 four-cylinder direct-injection petrol engine is caged beneath the bonnet. It'll produce 186PS and 265Nm torque, and take you from 0-62 mph in 8.4 seconds. It'll give you such a responsive, exciting driving experience that you'll soon be offering to do lots of extra trips. You might kindly suggest an impromptu visit to the in-laws on a Friday night. Just so long as they live in the Italian Alps in a thrilling maze of mountain roads.

## 3 door design 5-star safety

No matter how adventurous you are, it's always good to play it extra safe at times. In the Veloster, it's our first priority. That's why it comes with a 5-star Euro NCAP Safety Rating thanks to a comprehensive range of both active and passive safety features. An advanced 8-pillar impact management system provides excellent protection for you and your passengers, with the robust, reinforced bodywork giving you more peace-of-mind in all conditions. As well as an Electronic Stability

Programme (ESP), it also comes with Vehicle Stability Management (VSM). Not only do these increase grip and control, they also give you better handling. Brake Assist System (BAS) and traction control add more stability, while six airbags have been placed strategically around the car, ensuring maximum protection for you and your passengers. You'll also benefit from Hill-start Assist Control (HAC) to help when setting off on steep inclines, so you can always drive your Veloster with real confidence.
